

Haptic Instrument

**Who** Haptic Designer-Proxies  
(researchers with some haptics experience)

**What** Dual Haptuators

**How** Real-time, collaborative parameter control

Tactile Animation

**Who** Animators  
(visual designers who would be haptic designers)

**What** Spatial Vibrotactile Pad

**How** Direct space/time manipulation of animation object

Example-based Design

**Who** End-users  
(people with and without basic media editor experience)

**What** Phone-mounted Haptuator

**How** Example-based interaction techniques, morphing
